Nursing Programs

Q2.1. The following section focuses on the types of Nursing Programs your institution offers (in Fall 2024).

What types of nursing programs exist, are being planned, have closed since last fall, or are being phased out in your institution?

Non-Baccalaureate Programs

	Exists	Being Planned	Closed Since Last Fall	Phasing Out	Does Not Exist
LPN (LVN): A program that requires at least one year of FTE coursework and awards a diploma or certificate of completion as a LPN/LVN.	O	O	O	O	O
LPN to Associate Degree in Nursing (ADN): Admits LPNs and awards an associate degree in nursing.	O	O	O	O	O
RN Diploma: A program that requires two to three years of FTE coursework, usually within a hospital based structural unit and awards a diploma or certificate of completion as a RN.	O	O	O	O	O

	Exists	Being Planned	Closed Since Last Fall	Phasing Out	Does Not Exist
Associate's Degree in Nursing (ADN): A program that requires at least two academic years of FTE college academic work and awards an associate degree in nursing.	O	O	O	O	O

Q2.2. Please answer whether each program offers curricula via distance education*, and if so, what proportion of the course work is offered via distance education?

*Distance education (DE) is education that uses one or more types of technology to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously. (Integrated Postsecondary Education Data System)

Please note that percentages of distance education should be reported based on a program's design and operation in a normal year.

Q2.3. The following section focuses on the types of Nursing Programs your institution offers (in Fall 2024).

What types of nursing programs exist, are being planned, have closed since last fall, or are being phased out in your institution?

Baccalaureate Programs

	Exists	Being Planned	Closed Since Last Fall	Phasing Out	Does Not Exist
Generic (Basic, Entry-level) Baccalaureate: Admits students with no previous nursing education and awards a baccalaureate nursing degree. Program requires at least four but not more than five academic years of FTE college academic work.	O	O	O	O	O
Accelerated Baccalaureate for non-nursing college graduates (2nd Degree): Admits students with baccalaureate degrees in other disciplines and no previous nursing education and awards a baccalaureate nursing degree. Curriculum is designed to be completed in less time than the generic baccalaureate program usually through a combination of "bridge"/transition and core courses.	O	O	O	O	O
LPN (LVN) to Baccalaureate: Admits LPNs and awards a baccalaureate nursing degree	O	O	O	O	O
RN to Baccalaureate (RN Completion): Admits RNs with associate degrees or diplomas in nursing and awards a baccalaureate nursing degree. Curriculum may be designed to accelerate the RN to Baccalaureate completion, usually through a combination of "bridge"/transition and core courses.	O	O	O	O	O

Q2.4. Please answer whether each program offers curricula via distance education*, and if so, what proportion of the course work is offered via distance education?

Distance education (DE) is education that uses one or more types of technology to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously (Integrated Postsecondary Education Data System).

Please note that percentages of distance education should be reported based on a program's design and operation in a normal year.

Q3.3. **Provide the following numbers regarding the total applications to your nursing program for all terms in the following terms: Winter 2024, Spring 2024, Summer 2024 and Fall 2024. EXCLUDE PRE-NURSING APPLICATIONS.**

- Available seats saved for repeating students should not be included in the number of positions/seats available.
- If your program can accommodate an unlimited number of students, enter 999. Enter 888 if the program does not accept applications at this time or if the program does not exist.
- If you enter 888 in one row, please enter 888 in all subsequent rows per program.
- Generic Baccalaureate program includes Accelerated Baccalaureate for non-nursing college graduates and LPN to BSN programs.
- If your RN to Baccalaureate students are integrated into your Generic Baccalaureate program, please report application numbers under Generic Baccalaureate, and enter 777 for RN to Baccalaureate.
- If you have a master's level combined NP/CNS program, please report application numbers under Master's NP.
- If your master's program has NP and/or CNS but does not have other majors, enter 888 for "Other Master's Majors"
- Hover over each row for additional information on what students to include.

Number of positions/seats available for new students

Number of completed applications received for the nursing program

Of those applications, how many applicants met all criteria (including interview) to be admitted?

Of those students meeting all criteria to be admitted, how many were offered admission?

Of those who were offered admission, how many enrolled and registered?

Q3.4. Please rank the reason(s) in the columns below if any qualified applications were not offered admissions for a program on a scale of 1-5.

For instance, if an insufficient number of nursing faculty was the most critical reason qualified applications were not admitted, please enter a 5 in that 'Insufficient number of nursing faculty' box for the relevant program. **A reason with a 5 should be the MOST IMPORTANT reason for not admitting qualified applications.**

For reasons that are not relevant to each program or if you do not have any issues with that specific program (e.g., you offered all qualified applications admission), please enter a 0 in each respective box.

If you do not have another reason for the Other category, please enter N/A and a zero for each respective program.

Baccalaureate

Q4.1. The following section relates to the **Generic (Entry-level, Pre-licensure, traditional) Baccalaureate** you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- Exclude pre-nursing students (students who have not been formally accepted into the nursing program).
- Include transfer students.

- Use your institution's definition of full- and part-time.
- If you offer this program, but do not currently have any students or graduates, please enter zero in the full- and part-time students and total graduates boxes on the following pages.
- The total number of students you report in the full-time and part-time section should match the number of students you report by specific demographics.

Q4.2. **Generic (Entry-level, Pre-licensure, traditional) Baccalaureate**

Generic baccalaureate students do not have previous nursing experience as a registered nurse; this category includes students in any of the following programs:

- Generic (basic, entry-level) baccalaureate
- Baccalaureate for non-nursing college graduates (2nd Degree)
- LPN to baccalaureate*

If you have entry-level/2nd degree master's students who are not designated as master's students until they earn a BSN, please report them in this section.

Please enter all graduates in the full-time box and write 0 in the part-time box.

*DO NOT include RN to baccalaureate students in this section (even if they are integrated into your generic baccalaureate program).

	Full-Time	Part-Time

	Non-U.S. Residents (International Students)
Students	
Graduates	

Q4.4. **Generic (Entry-level, Pre-licensure, traditional) Baccalaureate**

Race/Ethnicity & Gender of U.S. Residents (Do not include non-U.S. residents)

You **MUST** enter a value in the All column for each race category for both students and graduates.

*If you are unable to separate the "Asian" and "Native Hawaiian and Other Pacific Islander" categories, enter all in the "Asian" category

**If you do not collect student-level demographic data for race AND gender, please enter zeroes in the individual gender categories and report your students and graduates, by race, in the 'All Students' and 'All Graduates' columns.

	Students				Graduates			
	All	Men	Women	Trans/ Nonbinary	All	Men	Women	Trans/ Nonbinary

Asian* (not of Hispanic origin)								
Black or African American (not of Hispanic origin)								
Hispanic or Latino								
Native Hawaiian or Other Pacific Islander*								
White (Not of Hispanic Origin)								
Two or More Races								
Race/Ethnicity Unknown								

Q4.5. Before moving to the next section, verify that the total number of students and graduates you have reported by race and gender matches the total number of students you have reported by full-time and part-time status excluding non-US residents.

For example, if you reported 50 full-time students and 50 part-time students for a total of 100 students and 10 of those students were non-US residents, the total number of students reported by race and gender **MUST** total 90 students.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

Q4.6. **Accelerated Baccalaureate for non-nursing college graduates (2nd Degree)**

Accelerated Baccalaureate for non-nursing college graduates students have baccalaureate degrees in other

disciplines and no previous nursing education.

If you have students/graduates in an accelerated baccalaureate program for non-nursing college graduates, include them in both the previous generic baccalaureate section AND this section.

Please enter all graduates in the full-time box and write 0 in the part-time box.

Of the number of full-time and part-time generic baccalaureate students and graduates reported in the previous section, how many are in your accelerated baccalaureate for non-nursing college graduates program?

	Full-Time	Part-Time
Students		
Graduates		

Q4.7. **NCLEX-RN**

The time period for your NCLEX-RN report is the most recent calendar year (January 1, 2023 - December 31, 2023)

If there were no test takers during this time period, please enter 888 in each field.

How many graduates took NCLEX-RN for the first time during the time period specified above?	
Of those who took the exam, how many passed?	

RN to Baccalaureate

Q5.1. The following section relates to the **RN to Baccalaureate** program you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- Exclude pre-nursing students (students who have not been formally accepted into the nursing program).
- Include admissions and transfer students.
- Use your institution's definition of full- and part-time.
- If you offer this program, but do not currently have any students or graduates, please enter zero in the full- and part-time students and total graduates boxes on the following pages.

- The total number of students you report in the full-time and part-time section should match the number of students you report by specific demographics.

Q5.2. **RN to Baccalaureate**

RN to baccalaureate students are registered nurses with associate degrees or diplomas in nursing; this category includes students in RN to baccalaureate programs and RN to baccalaureate programs that are integrated into the generic baccalaureate program.

Please enter all graduates in the full-time box and write 0 in the part-time box.

NOTE: If you have RN to Master's students who are not designated as master's students until they earn a BSN, please report them in this section.

For example, if you reported 50 full-time students and 50 part-time students for a total of 100 students and 10 of those students were non-US residents, the total number of students reported by race and gender **MUST** total 90 students.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

Master's and Master's Major Area of Study

Q6.1. The following section relates to the **Master's programs** you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- Exclude pre-nursing students (students who have not been formally accepted into the nursing program).
- Include admissions and transfer students.
- RN to Master's students and graduates should be included in the Post-Entry sections for each question.
- Use your institution's definition of full- and part-time.
- If you offer this program, but do not currently have any students or graduates, please enter zero in the full- and part-time students and total graduates boxes on the following pages.
- Please enter all graduates in the full-time box and write 0 in the part-time box.

Q6.7. Before moving to the next section, verify that the total number of students and graduates you have reported by race and gender matches the total number of students you have reported by full-time and part-time status excluding non-US residents.

For example, if you reported 50 full-time students and 50 part-time students for a total of 100 students and 10 of those students were non-US residents, the total number of students reported by race and gender **MUST** total 90 students.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

Q6.8. **RN to Master's**

Of the number of full-time and part-time students and graduates reported in the Post-Entry Level Master's section, how many are in your RN to Master's Program?

RN to Master's students are registered nurses with associate degrees in nursing or baccalaureate degrees in disciplines other than nursing.

Please enter all graduates in the full-time box and write 0 in the part-time box.

Q6.9. **Master's Major Area of Study**

Carefully review the major areas of study (functional or professional roles) listed below and indicate which major areas your program offers.

* Combined Nurse Practitioner/Clinical Nurse Specialist refers to those programs in which, by curricular design, the NP and CNS roles are included in the curriculum. Graduates are awarded a master's degree in nursing and are eligible to sit for one NP national certification examination and one CNS national certification examination.

** Only indicate you offer an Other Major if you are unable to classify students under one of the provided majors. For instance, if you offer a Nurse Educator major, please select Education.

Please do not include post-master's certificate programs or non-degree certificate programs in this section.

If you indicated that you do offer an 'other' major, please specify it in the text field. If you do not, please write NA.

Q6.10. **Master's Major Area of Study**

- Enter the number of students and graduates in each major area of study that you selected in the previous question.
- If you offer both a Post-Entry Level Master's program and an Entry-level or 2nd Degree Master's program, report enrollment and graduation data separately.
- Do not include POST-MASTER'S NP or CNS CERTIFICATE students/completers, even if your institution counts them as master's students/graduates.
- If you offer a dual degree program such as MSN/MBA or MSN/MPH, enter the students and graduates according to their major area of study in nursing in the following section. Then enter the dual degree information in the "Master's Level Dual Degree Programs" section.
- If you have a dual major program in which one major is CNS or NP and the other is neither CNS nor NP (e.g., CNS/Education or NP/Education) please report students/graduates in the NP or CNS categories
- If you offer a major area of study, but do not currently have any students or graduates, enter zero in the full- and part-time students and graduates boxes.
- Do not include nurse midwifery and nurse anesthesia under NP.
- The total numbers of NP and/or CNS students and graduates you report in this section should match the numbers of NP and/or CNS students and graduates you report in the separate NP and/or CNS sections.
- If you offer a major for Post-Entry Master's students but not for Entry-Level Master's students enter 888 in each box in the Entry-Level column of that row. If you offer a major for Entry-Level Master's students but not for Post-Entry Master's students enter 888 in each box in the Post-Entry Master's column of that row.

Master's-level Clinical Nurse Specialist

Q7.1. **Master's Clinical Nurse Specialist Program:** A master's program in which a defined curriculum includes theory, research, and clinical preparation for competency-based CNS specialty practice.

The following section relates to the master's programs you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- DO NOT INCLUDE MASTER'S COMBINED NP/CNS OR POST-MASTER'S CNS CERTIFICATE STUDENTS/GRADUATES IN THIS SECTION.
- If you have a dual major program in which one major is CNS and the other is not CNS (e.g. Adult-Gerontology CNS/Education), please report those students under the primary major program (e.g., Adult-Gerontology).
- Use your institution's definition of full- and part-time.
- Then enter the number of students and graduates in each population focus/specialty. If you offer a population focus/specialty but do not currently have any students/graduates, check that you offer the population focus/specialty and enter zero in the full and part-time students and graduates boxes.
- The total numbers of CNS students and graduates you report in this section **must** match the numbers of CNS students and graduates you reported under "Major Area(s) of Study" in the Master's Section.
- Please have the Clinical Nurse Specialist Program Director(s) verify all information that is submitted on this form.

Q7.2. **Population Focus/Specialty Title -** Certification Exams

For each population focus/specialty, select the certification exam that the population focus/specialty prepares the majority of graduates to take. If there is no CNS-specific national certification exam for your population focus/specialty, select 'no national certification exam available'.

Q7.7. Before moving to the next section, verify that the total number of students and graduates you have reported by race and gender matches the total number of students you have reported by full-time and part-time status by population focus.

For example, if you reported 50 full-time students and 50 part-time students for a total of 100 students across all population foci and 10 of those students were non-US residents, the total of students reported by race and gender **MUST** total 90 students. Finally, the total number of students you report in this section **MUST** match the total number of students you reported in the previous Master's section.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

Post-Master's Clinical Nurse Specialist Certificate

Q8.1. **Post-Master's Clinical Nurse Specialist Certificate Program:** A formal post-master's certificate program for the preparation of clinical nurse specialists that admits registered nurses with master's degrees in nursing, and, at completion, awards either a certificate or other evidence of completion.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- DO NOT INCLUDE POST-MASTER'S COMBINED NP/CNS AND COMPLETERS IN THIS SECTION.
- If you have a dual major program in which one major is CNS and the other is not CNS (e.g. Adult-Gerontology CNS/Education), please report those students under the primary major program (e.g., Adult-Gerontology).
- Use your institution's definition of full- and part-time.
- Then enter the number of students and graduates in each population focus/specialty. If you offer a population focus/specialty but do not currently have any students/graduates, check that you offer the population focus/specialty and enter zero in the full and part-time students and graduates boxes.
- Please have the Clinical Nurse Specialist Program Director(s) verify all information that is submitted on this form.

Q8.7. Before moving to the next section, verify that the total number of students and graduates you have reported by race and gender matches the total number of students you have reported by full-time and part-time status by population focus.

For example, if you reported 50 full-time students and 50 part-time students for a total of 100 students across all population foci and 10 of those students were non-US residents, the total of students reported by race and gender **MUST** total 90 students. Finally, the total number of students you report in this section **MUST** match the total number of students you reported in the previous Master's section.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

Master's-level Nurse Practitioner

Q9.1. **Master's Nurse Practitioner Program:** A master's program in which a defined curriculum includes theory, research, and clinical preparation for competency-based primary and acute care. Graduates are awarded a master's degree in nursing and are eligible to sit for a national NP certification examination.

The following section relates to the master's programs you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- **DO NOT INCLUDE MASTER'S COMBINED NP/CNS OR POST-MASTER'S NP CERTIFICATE STUDENTS/ GRADUATES IN THIS SECTION.**
- If you have a dual major program in which one major is NP and the other is not NP (e.g. Family NP/Education), please report those students under the primary major program (e.g., Family NP).
- Use your institution's definition of full- and part-time.
- Enter the number of students and graduates in each population focus/specialty. If you offer a population focus/specialty but do not currently have any students/graduates, check that you offer the population focus/specialty and enter zero in the full and part-time students and graduates boxes.
- The total numbers of NP students and graduates you report in this section should match the numbers of NP students and graduates you reported under "Major Area(s) of Study" in the Master's Section.
- Please have the Program Director(s) verify all information that is submitted on this form.

Q9.2. Carefully review the population foci/specialty areas listed below and indicate which population foci/specialty areas your program offers.

Research-Focused Doctoral

Q13.1. The following section relates to the **Research-Focused Doctoral programs** you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- Exclude pre-nursing students (students who have not been formally accepted into the nursing program).
- Include admissions and transfer students.
- Use your institution's definition of full- and part-time.
- If you offer this program, but do not currently have any students or graduates, please enter zero in the full- and part-time students and total graduates boxes on the following pages.
- The total number of students you report in the full-time and part-time section should match the number of students you report by specific demographics.

Q13.2. **Research-Focused Doctoral**

Students in programs leading to a research-focused doctoral degree in nursing (PhD, DNS, or EdD in nursing), which include dual degree doctoral programs (e.g., Research-Focused Doctoral/DNP or Research-Focused Doctoral/MBA) and DNP to Research-Focused Doctoral programs.

Post-Baccalaureate to Research-Focused Doctoral students and graduates refer to those who entered the research-focused doctoral program with a baccalaureate nursing degree but not a master's degree in nursing.

Post-Master's to Research-Focused Doctoral students and graduates refer to those who entered the research-focused doctoral program with a master's degrees in nursing. This includes students/graduates in a DNP to Research-Focused Doctoral program.

Q13.6. **Dual Degree Research-Focused Doctoral/DNP or DNP to Research-Focused Doctoral**

Dual Degree Research-Focused Doctoral/DNP program that awards a research-focused doctoral degree in nursing (PhD, DNS, or EdD) and a DNP, or DNP to Research-Focused Doctoral program that admits RNs with a DNP degree and awards a research-focused doctoral degree in nursing (PhD, DNS, or EdD).

If you have students/graduates in a dual degree or DNP to Research-Focused Doctoral program include them in both the Research-Focused Doctoral section above AND this section.

	Full-Time	Part-Time
Students		
Graduates		

Q13.7. **Employment Commitment Type for all Research-Focused Doctoral Graduates**

Enter the number of Research-Focused Doctoral graduates with each type of employment commitment (for all categories that apply).

The total employment commitment responses should match the quantity of graduates reported in the previous questions.

	Graduates
Faculty Position: school/college of nursing	
Faculty Position: other type of school/college	
Post-Doctoral Fellowship	
Hospital nursing service research and/or clinical position	
Hospital nursing service administrative or executive position	

	Graduates

No employment commitment	☐
Do not know	☐

Q13.8. Before moving to the next section, verify that the total number of graduates you have reported by employment commitment matches the total number of students you have reported by full-time and part-time status.

For example, if you reported 50 full-time students and 50 part-time students for a total of 100 students and 10 of those students were non-US residents, the total of students reported by race and gender **MUST** total 90 students.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

DNP

Q14.1. The following section relates to the **Doctor of Nursing Practice (DNP) program** you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- Exclude pre-nursing students (students who have not been formally accepted into the nursing program).
- Include admissions and transfer students.
- Use your institution's definition of full- and part-time.
- If you offer this program, but do not currently have any students or graduates, please enter zero in the full- and part-time students and total graduates boxes on the following pages.
- The total number of students you report in the full-time and part-time section should match the number of students you report by specific demographics.

Q14.2. **Doctor of Nursing Practice (DNP)**

A program of instruction that prepares graduates for the highest level of nursing practice beyond the initial preparation in the discipline. The DNP is a terminal degree and is an alternative to research-focused doctoral programs.

Q14.4. **Race/Ethnicity & Gender of U.S. Residents (Do not include non-U.S. residents)**

You **MUST** enter a value in the All column for each race category for both students and graduates.

*If you are unable to separate the "Asian" and "Native Hawaiian and Other Pacific Islander" categories, enter all in the "Asian" category

**If you do not collect student-level demographic data for race AND gender, please enter zeroes in the individual gender categories and report your completers, by race, in the 'All Students' and 'All Graduates' columns.

Q14.5. Before moving to the next section, verify that the total number of students and graduates you have reported by race and gender matches the total number of students you have reported by full-time and part-time status.

For example, if you reported 50 full-time students and 50 part-time students for a total of 100 students and 10 of those students were non-US residents, the total of students reported by race and gender **MUST** total 90 students.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

Q14.6. **Please indicate the DNP concentrations your program offers.**

Q14.7. **Doctor of Nursing Practice (DNP) Students & Graduates by Advanced Nursing Practice Role**

- Please report the DNP concentrations offered at your institution as well as data on the number of students and graduates in each category.
- DO NOT report the areas of study that your students and graduates engaged in prior to their entry into your DNP program.
- Entry-Level (prelicensure) to DNP students and graduates refer to those who entered the DNP program with baccalaureate degrees in other disciplines and no previous nursing education.
- Post-Baccalaureate DNP/RN to DNP students and graduates refer to those who entered the DNP program with a baccalaureate or associate degree in nursing but not a master's degree.
- Post-Master's DNP students and graduates refer to those who entered the DNP program with a master's degree in nursing.
- If you offer an area of study for one program (entry-level, post-baccalaureate, or post-master's) but not another please enter 888. For example, if the Health Policy major is offered for Post-Master's but not offered for Post-Baccalaureate, enter "888" in the fields for Post-Baccalaureate students and graduates for that major. For example, if the Nurse Anesthesia major is offered for Post-Baccalaureate but not offered for Post-Master's, enter "888" in the fields for Post-Master's students and graduates for that major.
- Please indicate students and graduates in the most relevant category offered and avoid listing an Other role if it falls under an existing category.

Entry-Level (prelicensure) DNP-NP

Q15.1. **Entry-Level (prelicensure) DNP-NP:**

The following section relates to the Entry-Level DNP-NP program you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.
- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- If you have a dual major program in which one major is NP and the other is not NP (e.g. Family NP/Education), please report those students under the primary major program (e.g., Family NP).
- Use your institution's definition of full- and part-time.
- Enter the number of students and graduates in each population focus/specialty. If you offer a population focus/specialty but do not currently have any students/graduates, check that you offer the population focus/specialty and enter zero in the full and part-time students and graduates boxes.
- The Total numbers of NP students and graduates you report in this section should match the numbers of entry-level DNP NP students and graduates you reported under "Major Area(s) of Study" in the DNP Section.
- Please have the Program Director(s) verify all information that is submitted on this form.

POPULATION FOCUS/SPECIALTY: Is defined as curriculum in a specific practice area such as family, pediatric primary, women's health, etc.

Nurse Practitioner (Single Population Focus/Specialty): Educational program whose curricular design prepares graduates to sit for one national NP certification exam in a population focus/specialty that matches the practice area of the educational program.

Nurse Practitioner (Dual Population Focus/Specialty): Educational program whose curricular design prepares graduates to sit for two national NP certification exams in two population foci/specialties that match the practice areas of the educational program.

Non-U.S. Residents

	Non-U.S. Residents (International Students)
Graduates	☐

Q17.9. **Race/Ethnicity & Gender of U.S. Residents (Do not include non-U.S. residents)**

You **MUST** enter a value in the All column for each race category for both students and graduates.

*If you are unable to separate the "Asian" and "Native Hawaiian and Other Pacific Islander" categories, enter all in the "Asian" category

**If you do not collect student-level demographic data for race AND gender, please enter zeroes in the individual gender categories and report your graduates, by race, in the 'All Graduates' column.

Q17.10. Before moving to the next section, verify that the total number of graduates you have reported by race and gender matches the total number of graduates you have reported by full-time and part-time status excluding non-US residents.

For example, if you reported 50 full-time graduates and 50 part-time graduates for a total of 100 graduates and 10 of those students were non-US residents, the total number of graduates reported by race and gender **MUST** total 90 graduates.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

Q17.11. **Direct Care Clinical Hours Required**

1. For any of the NP specialty you offer, please indicate the total number of direct care clinical hours required for program completion. Enter whole numbers only.

Q18.2. Before moving to the next section, verify that the total number of graduates you have reported by employment commitment matches the total number of students you have reported by full-time and part-time status and population focus.

For example, if you reported 100 graduates and 10 of those graduates were non-US residents, the total of students reported by employment commitment **MUST** total 90 students.

Any surveys showing discrepancies between these values will be returned and considered incomplete until the discrepancies are resolved.

Thank you in advance for verifying this data.

Post-Doctoral

Q19.1. The following section relates to the **Post-Doctoral program** you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2024.

- Use official graduation figures from August 1, 2023 through July 31, 2024.
- Include admissions and transfer students.
- Use your institution's definition of full- and part-time.
- If you offer this program, but do not currently have any students or graduates, please enter zero in the full- and part-time students and total completers boxes on the following pages.
- The total number of students you report in the full-time and part-time section should match the number of students you report by specific demographics.

Cost of Education: Baccalaureate Programs

Q20.1. **Cost of Education**

The following section relates to the **Generic Baccalaureate** program you indicated having at your institution earlier in this survey.

This section does NOT refer to RN-BSN or Accelerated Baccalaureate programs.

For each program type, please follow these guidelines:

- Use official institutionally-calculated values for Fall 2024.
- Include the total cost of each program defined by the average length of the program for **full-time students** (i.e., if you report tuition annually, and the expected duration of the program is 4 years, please indicate the total cost as four times the annually reported tuition).

- Include any additional per-credit fees that are NURSING PROGRAM SPECIFIC (i.e., do not include fees or other costs such as room and board).
- Include the annualized credit hours for each program. For example, your response should reflect values adjusted to indicate quarter credit hours as full credit hours. Do not include summer or winter credit hours for each program.

Q20.2. Do you post cost information for this program on your institutional website?

- O Yes
- O No

Q20.3. The following questions ask you to report the cost information associated with this program. Please enter whole numbers only.

What is the number of credit hours required for completion of this program?	
What is the cost per credit hour (unit) for this program?	
What is the total tuition cost for this program? (Do not include fees, room & board, books, or any other variable costs)	
Is there a differential total tuition cost for out-of-state students? If yes, enter that cost difference (the additional amount out-of-state students pay). If no, enter 0. (For example, if in-state students pay $250 per credit and out-of-state students pay $600 per credit the differential tuition is $350)	
What is the total sum of all nursing program specific fees (e.g. lab fees, course specific fees, insurance, etc.)?	
What percentage of students in this program qualify for federal loan assistance?	
What percentage of students in this program pay for part or all of their program costs with federal loan assistance?	

Q20.4. Please share a link to the site on which this information is posted.

Q20.5. When was the cost information on this site last updated? Please indicate a year.
